

Euthanasia By Injection Certification

Approved
Curriculum

Must attend all online sessions for certification

Online sessions-January 19th, 26th and February 2nd, 2023 9am – 1pm EST

In-person practical-February 13th 10am-2pm EST at Genesee County Animal Control (**Required for Michigan students**)

Hosted by **Michigan Association of Animal Control Officers**

LIVE Online Sessions

Sessions meet online weekly followed by an in-person practical all facilitated by HSUS certified euthanasia instructor Dr. Cathy Anderson, licensed veterinarian with a master's degree in shelter medicine. This training meets and exceeds the minimum requirements for euthanasia technician training as outlined under Michigan Law.

Topics include: History of animal shelters and euthanasia, understanding euthanasia drugs and dosages, drug administration methods, humane restraint techniques, verification of death, managing stress and compassion fatigue, federal and state requirements.
